

# Strongsville High School

## Academic Lab- Rm 303

**Purpose:** This lab is a location for all students to take advantage of the following services:

- Homework or academic assistance/tutoring in core content areas
- Peer tutoring in foreign language at scheduled times
- Structured study environment

**Procedure:** Students simply need to sign in upon arrival and dismissal from lab.

Students coming from study hall should report to study hall first and inform monitor of interest in going to academic lab.

Teachers assisting in Academic lab should provide student a pass if he/she is leaving the lab prior to the end of the period.

Students can sign out a textbook resource during the period by documenting what was borrowed on the Textbook Sign Out sheet.

All efforts will be made to accommodate students the day they wish to use the lab, unless we are at capacity. We look forward to seeing you utilize this resource.

Let's make it a successful school year! Go Mustangs!
