Bylaws & Policies

5111.01 - HOMELESS STUDENTS

Children who meet the Federal definition of "homeless" will be provided a free appropriate public education in the same manner as all other students of the District. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless and will be assigned to the school serving those non-homeless students residing in the area in which the homeless child is actually living. The District shall establish safeguards that protect homeless students from discrimination on the basis of their homelessness.

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include those who meet any of the following criteria:

- A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
- B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations
- C. live in emergency or transitional shelters
- D. are abandoned in hospitals
- E. are awaiting for foster care placement
- F. have a primary night time residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, or
- G. live in a car, park, public space, abandoned building, substandard housing, bus or train station, or similar setting

Additionally, pursuant to Federal and State law, migratory children who are living in circumstances described in A-G above are also considered homeless.

Homeless preschool-aged children and their families shall be provided equal access to the educational services for which they are eligible, including preschool programs administered by the School District.

The District shall remove barriers to the enrollment and retention of homeless students in schools in the District. Homeless students shall be enrolled immediately, even if they do not have the necessary enrollment documentation such as immunization and health records, proof of residency or guardianship, birth certificate, school records, and other documentation.

Homeless students will be provided services comparable to other students in the District including:

- A. transportation services;
- B. educational services for which the homeless student meets eligibility criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;
- C. programs in vocational and technical education;
- D. programs for gifted and talented students; and
- E. school nutrition programs;
- F. before- and after-school programs.

Homeless students have the right to remain in their school of origin of the local attendance area school, according to the child's best interest. The school of origin is the school that the student attended when permanently housed or last enrolled. The local attendance area school is any public school that non-homeless students who live in the attendance area in which the student is actually living are eligible to attend.

Homeless students have the right to dispute their school assignment, if their assignment is other than their school of origin. In determining the best interest of the student, the District shall, to the extent feasible, keep the student in the school of origin, except when doing so is contrary to the wishes of the homeless student's parent or guardian or the unaccompanied youth. If the student is sent to a school other than the school of origin or a school requested by the parent or guardian, a written explanation, including a statement regarding the right to appeal, will be provided to the homeless student's parent or guardian or the unaccompanied youth.

The Board of Education requires that these rights and the dispute process be communicated to the parent or guardian of the homeless student or unaccompanied youth.

In addition to notifying the parent or guardian of the homeless student or unaccompanied youth of the rights described above, the District shall post public notice of educational rights of children and youth experiencing homelessness in each school.

At the request of the parent or guardian, or in the case of an unaccompanied youth, the local homeless liaison, transportation shall be provided for a homeless student to and from the school of origin as follows:

- A. If the homeless student continues to live in the School District in which the school of origin is located, transportation will be provided in accordance with District policy/administrative guidelines.
- B. If the homeless student moves to an area served by another district, though continuing his/her education at the school of origin, the district of origin and the district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. If the districts cannot agree upon such a method, the responsibility and costs must be shared equally.

The Superintendent will appoint a Liaison for Homeless Children who will perform the duties as assigned by the Superintendent. Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths.

The homeless liaison will assist, to the extent feasible, the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school.

All records for homeless students shall be maintained so that they are available in a timely fashion and can be transferred promptly as necessary.

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

INFORMATION FOR PARENTS

IF YOUR FAMILY LIVES IN ANY OF THE FOLLOWING SITUATIONS:

In a shelter

In a motel or campground due to the lack of an alternative adequate accommodation

In a car, park, abandoned building, or bus or train station

Doubled up with other people due to loss of housing or economic hardship

*Your school-age children may qualify for certain rights and protections under the
federal McKinney-Vento Act.*

Your eligible children have the right to:

- Receive a free, appropriate public education.
- Enroll in school immediately, even if lacking documents normally required for enrollment.
- Enroll in school and attend classes while the school gathers needed documents.
- Enroll in the local school; or continue attending their school of origin (the school they attended when permanently housed or the school in which they were last enrolled), if that is your preference and is feasible.

* If the school district believes that the school you select is not in the best interest of your children, then the district must provide you with a written explanation of its position and inform you of your right to appeal its decision.

- Receive transportation to and from the school of origin, if you request this.
- Receive educational services comparable to those provided to other students, according to your children's needs.

If you believe your children may be eligible, contact the local liaison to find out what services and supports may be available. There also may be supports available for your preschool-age children.

Programs to Help You Afford Health Services

What is the purpose of these programs?

The MetroHealth System has programs that may help you afford your medical bills. These Financial Assistance Programs are here to help you with your financial needs so you can concentrate on a healthier you.

How can I learn more about the programs? There are several ways to find out more.

1. You can call The MetroHealth System's Financial Eligibility Team at 216-957-2325 to discuss your specific needs. Our staff is here to help you determine which Financial Assistance Program would best fit your needs.
2. Visit The MetroHealth System's website www.metrohealth.org and click on Financial Assistance.

What are The MetroHealth System's Financial Programs?

You may qualify for a program specific to your needs based on the Federal Poverty Guidelines, available under Financial Assistance at www.metrohealth.org. Medicaid and our Financial Assistance Programs use these guidelines to qualify patients for the different types of assistance. Your income and family/household size are reviewed by The MetroHealth System's Financial Eligibility Team. This review determines what amount of reduction you may receive to your charges.

To Get a Birth Certificate
If you were born in Cleveland, get your birth certificate at Cleveland City Hall, Bureau of Vital Statistics, for \$25.00 by filling out a request form there.
If you were born anywhere else in Ohio, request your birth certificate from the Bureau of Vital Statistics in Columbus, Ohio for \$21.50. See their website:
If you were born in another state, you will need to request your BC from that state. You may also need to send a copy of your state photo ID in some cases. Look up the state's website but avoid private companies (Vital Check, etc.) which can add up to \$60.00

To Get a State Photo ID
You must show your certified birth certificate, your Social Security Card or printout, and proof of residency at any of the Bureau of Motor Vehicle offices. If you have no proof of residency, you will need to ask for a "Proof of Residency-Certified Statement" form for a social service agency or church to fill out. Cost for an ID is \$8.50. Financial assistance may be available. Call 211 for further instructions.
