Salaries averaged \$1.5 million in July which is slightly less to the \$1.6 million in June. # STRONGSVILLE CITY SCHOOL DISTRICT July 1, 2016-July 31, 2016 Financial Report

The current year Purchased Services, Materials, and Capital Outlay expenditures are slightly less compared to prior years. These expenditures vary from year to year base on the timing of when goods are needed and the invoices are paid and received. In addition many of the annual contracts are encumbered at the beginning of the fiscal year and then spent down during the year. This is consistent with prior years and the cyclical nature of school operations.

It should be noted that the vast majority of on-going construction and permanent improvements projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of principal and interest for the energy conservation and facility improvements debt, treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of July 31, 2016. Debt payments occur in November and May while the transfer of monies to other funds will occur in June.
