This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda. We welcome your comments; however, we do ask that you abide by the guidelines of our Policy 0169.1. When your name is called, please stand and state your name, address, and topic. You will have three (3) minutes to speak. If your comment involves a problem with a student, employee, or Board member please do not address them by name. The primary role of the Board of Education is to listen and reflect on your comments. Sometimes Board members may respond or ask questions, but not always. Whether we respond or not, your input is valued.

0169.1

Public Participation at Board Meetings

The Board of Education recognizes the value to school governance of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest.

The Board is also committed to conducting its meetings in a productive and efficient manner that assures that the regular agenda of the Board is completed in a reasonable period of time, honors the voluntary nature of the Board's time and using that time efficiently, and allows for fair and adequate opportunity for input to be considered. Consequently, public participation at Board meetings will be governed by the following principles:

In order to permit the fair and orderly expression of such comment, the Board shall provide a period for public participation at every regular meeting of the Board; at all public meetings of the Board; and at those public meetings of the Board during which action may be taken and publish rules to govern such participation in Board meetings.

The presiding officer of each Board meeting at which public participation is permitted shall administer the rules of the Board for its conduct.

The presiding officer shall be guided by the following rules:

A. Public participation may be permitted

1. as indicated on the order of business.
2. before the Board takes official action on any issue of substance.
3. at the discretion of the presiding officer.

B. Anyone having a legitimate interest in the actions of the Board may participate during the public portion of a meeting.

- C. Attendees may register their intention to participate in the public portion of the meeting upon their arrival at the meeting.

0169.1 Public Participation at Board Meetings (continued)

- D. Participants must be recognized by the presiding officer and will be requested to preface their comments by announcement of their name and address.
- E. No participant may speak more than once on the same topic unless all others who wish to speak on that topic have been heard.
- F. The presiding officer may:
 - 1. prohibit public comments that are frivolous, repetitive, and/or harassing;
 - 2. interrupt, warn, or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, off-topic, antagonistic, obscene, or irrelevant;
 - 3. request any individual to leave the meeting when that person does not observe reasonable decorum;
 - 4. request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting;

EXPENDITURES

The fiscal year 2020 adopted General Fund budget for the District is \$74,787,276. This budget, coupled with carryover encumbrances of \$1,726,332, resulted in a \$76,513,608 General Funds appropriation for FY 2020. The following information is a financial update of the status of this appropriation through November 30, 2019.

Through November 30, 2019 the District has expended \$29,678,043 and has outstanding encumbrances of \$3,827,950. This total of \$33,505,993 reflects 43.79% of the District's total appropriation. A statistical spending range for the District is based on two analyses: first, time elapsed is five months or 41.67% of the fiscal year has passed. Secondly, ten of twenty-four (10/24), or 41.67% of the total pay periods have passed. Figure 3 illustrates these points.

Figure 3

Overall, the District's encumbrance/expenditure level through November is slightly over the target based on the above analysis. As an examination of the categories of expenditures is performed, cyclical variances are noted between categories which relate specifically to school opening activities. Figure 4 compares the various expenditure categories to the expected level and to the prior two years. The three years of data will be beneficial for trend analysis performed throughout the year.

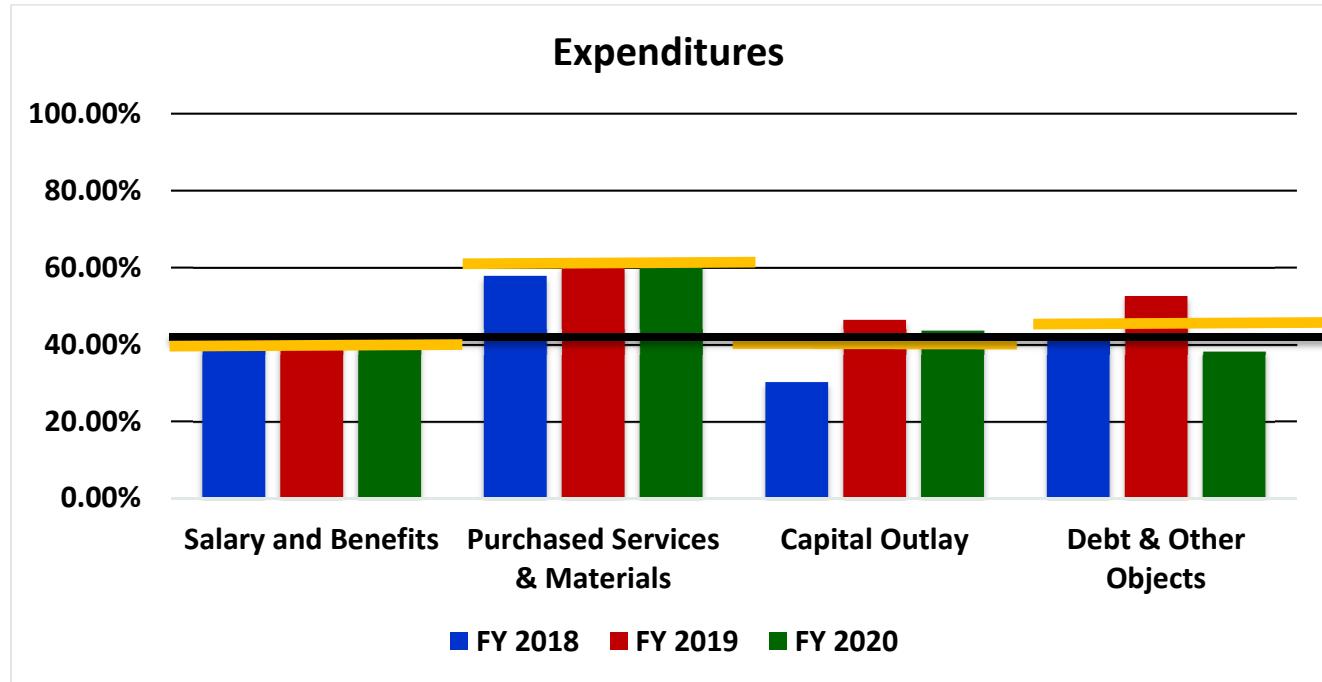

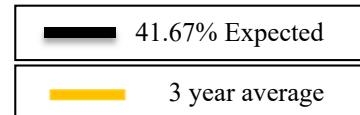

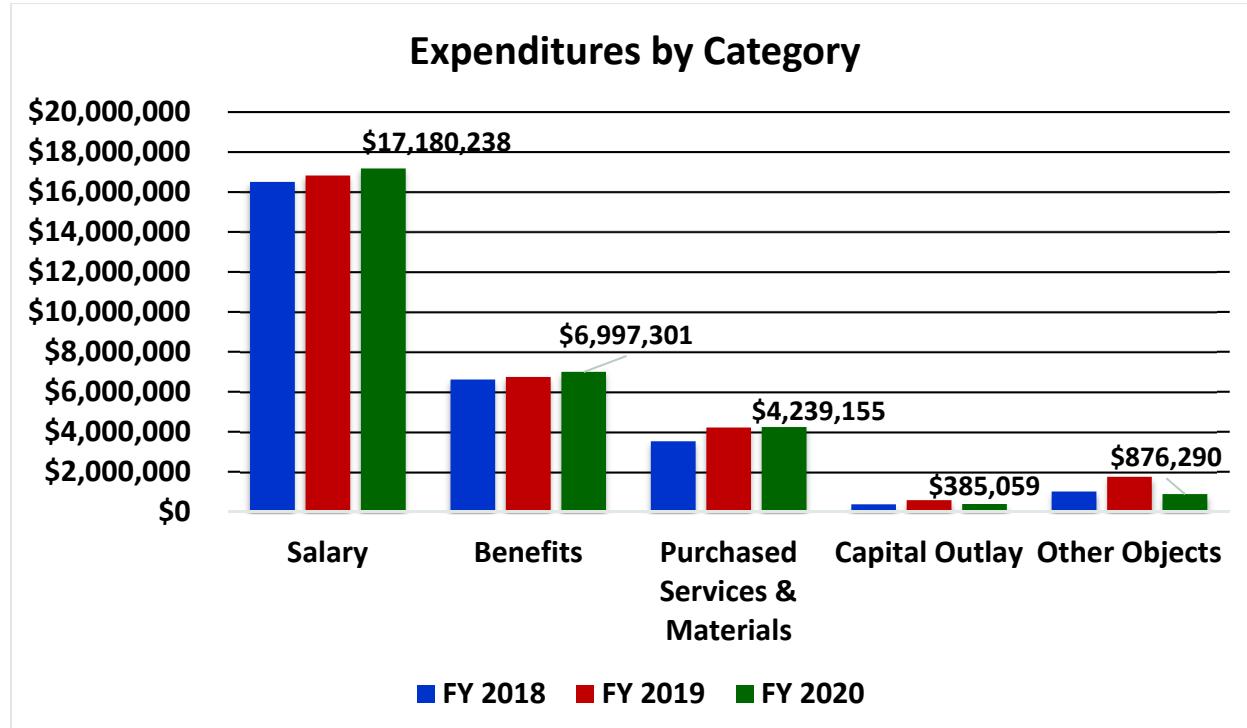

Figure 5

STRONGSVILLE CITY SCHOOL DISTRICT

July 1, 2019-November 30, 2019 Financial Report

As Figure 4 and 5 illustrates, salaries and benefits are slightly higher than last year for this time of year which is due to negotiated agreements. We will continue to closely monitor this area for the remainder of the fiscal year. Salaries averaged \$1.8 million in November which is higher to the \$1.7 million in October. The increase was due to a supplemental contracts paid in November. Benefits are higher compared to last year which is primarily due to the increase in healthcare and other benefits cost. Healthcare premiums are going to remain the same in fiscal year 2020 from fiscal year 2019.

The current year Purchased Services and Materials categories indicate a 61.35% encumbrance/expenditure level for November. This encumbrance/expenditure rate is higher compared to the 60.33% from this point in time last year. These expenditures vary from year to year base on the timing of when goods are needed and the invoices are paid and received. In addition, many of the annual contracts are encumbered at the beginning of the fiscal year and then spent down during the year. This is consistent with prior years and the cyclical nature of school operations.

The capital outlay encumbrance/expenditure level, whose budget comprises only 1.9% of the total General Fund budget indicates a 43.68% encumbrance/expenditure level for November. This encumbrance/expenditure rate is mainly attributable to school opening cost (technology updates, hardware, etc.). It should be noted that the vast majority of on-going construction and permanent improvements projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of principal and interest for the energy conservation and facility improvements debt, treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of November 30, 2019. Debt payments occur in November and May while the transfer of monies to other funds will occur in June.

EXPENDITURES

The fiscal year 2020 adopted General Fund budget for the District is \$74,787,276. This budget, coupled with carryover encumbrances of \$1,726,332, resulted in a \$76,513,608 General Funds appropriation for FY 2020. The following information is a financial update of the status of this appropriation through December 31, 2019.

Through December 31, 2019 the District has expended \$35,732,165 and has outstanding encumbrances of \$3,647,123. This total of \$39,379,288 reflects 51.47% of the District's total appropriation. A statistical spending range for the District is based on two analyses: first, time elapsed is six months or 50.00% of the fiscal year has passed. Secondly, twelve of twenty-four (12/24), or 50.00% of the total pay periods have passed. Figure 3 illustrates these points.

Figure 3

Overall, the District's encumbrance/expenditure level through December is slightly over the target based on the above analysis. As an examination of the categories of expenditures is performed, cyclical variances are noted between categories which relate specifically to school opening activities. Figure 4 compares the various expenditure categories to the expected level and to the prior two years. The three years of data will be beneficial for trend analysis performed throughout the year.

Figure 4

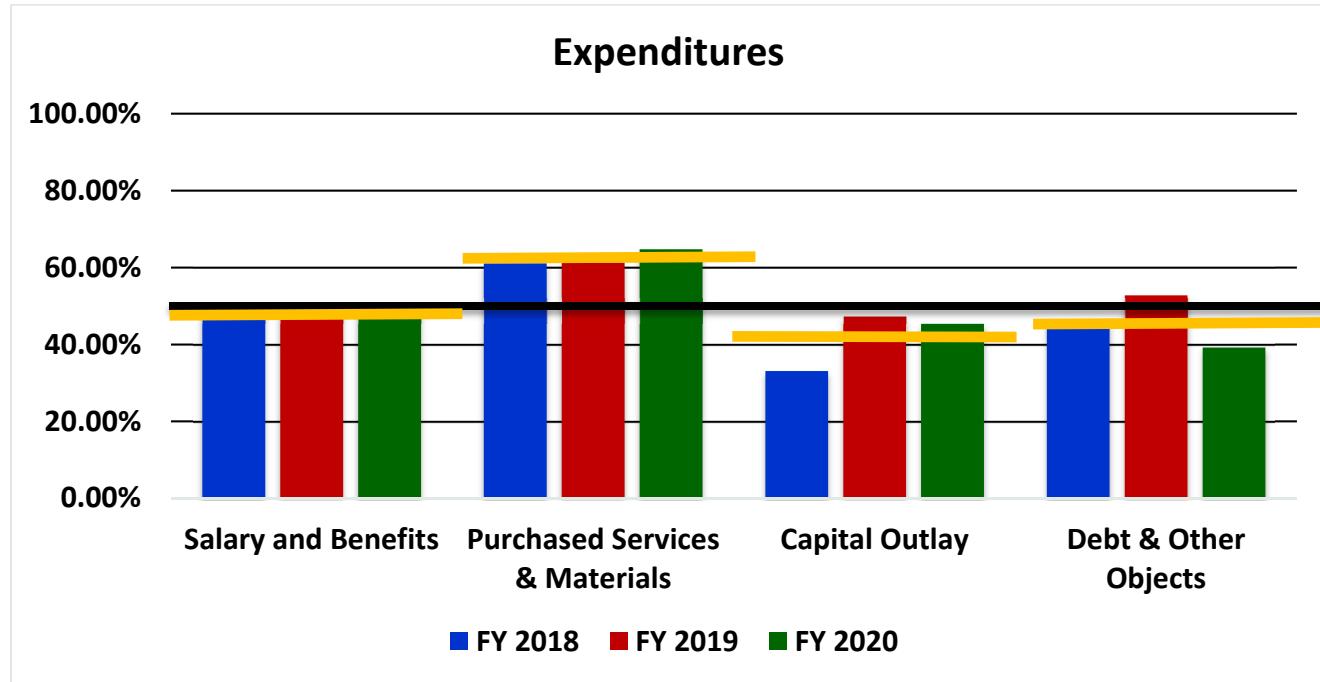

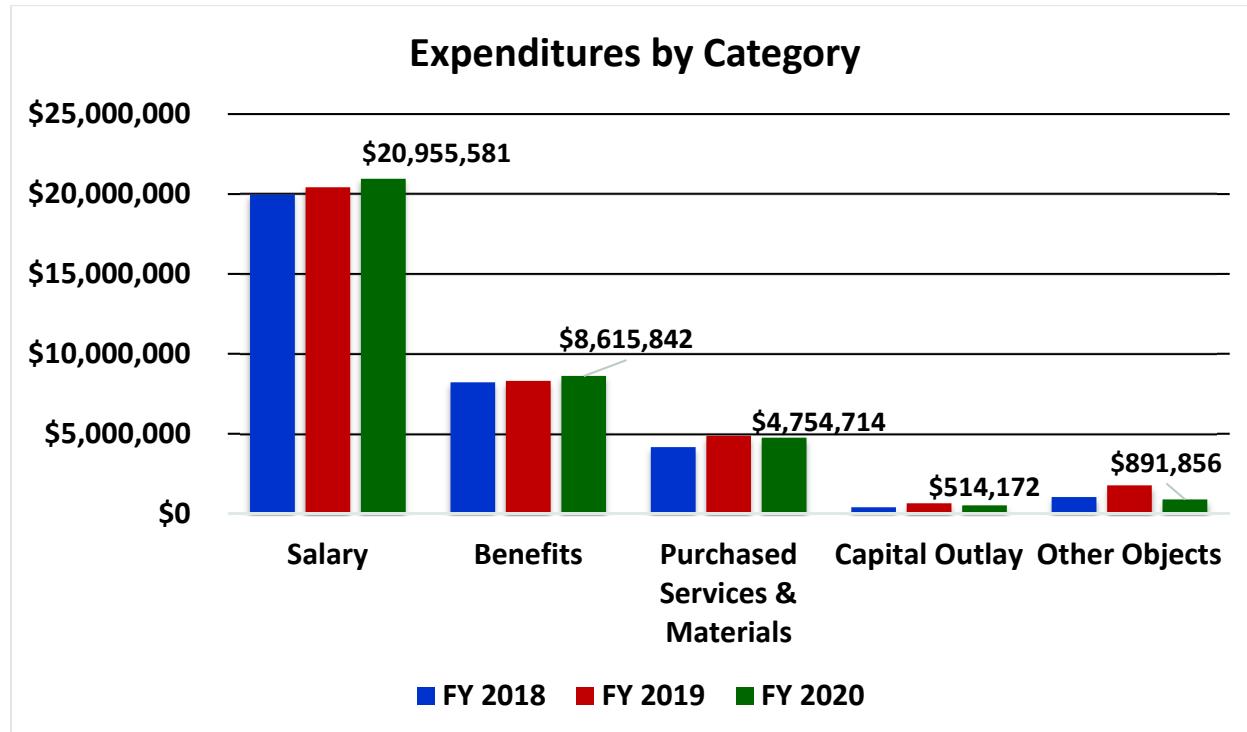

Figure 5

STRONGSVILLE CITY SCHOOL DISTRICT

July 1, 2019-December 31, 2019 Financial Report

As Figure 4 and 5 illustrates, salaries and benefits are slightly higher than last year for this time of year which is due to negotiated agreements. We will continue to closely monitor this area for the remainder of the fiscal year. Salaries averaged \$1.9 million in December which is higher to the \$1.8 million in November. The increase was due to the six hours of professional development time paid in December. Benefits are higher compared to last year which is primarily due to the increase in healthcare and other benefits cost. Healthcare premiums are going to remain the same in fiscal year 2020 from fiscal year 2019.

The current year Purchased Services and Materials categories indicate a 64.74% encumbrance/expenditure level for December. This encumbrance/expenditure rate is higher compared to the 61.30% from this point in time last year. These expenditures vary from year to year base on the timing of when goods are needed and the invoices are paid and received. In addition, many of the annual contracts are encumbered at the beginning of the fiscal year and then spent down during the year. This is consistent with prior years and the cyclical nature of school operations.

The capital outlay encumbrance/expenditure level, whose budget comprises only 1.8% of the total General Fund budget indicates a 45.45% encumbrance/expenditure level for December. This encumbrance/expenditure rate is mainly attributable to school opening cost (technology updates, hardware, etc.). It should be noted that the vast majority of on-going construction and permanent improvements projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of principal and interest for the energy conservation and facility improvements debt, treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of December 31, 2019. Debt payments occur in November and May while the transfer of monies to other funds will occur in June.
