FIVE YEAR FINANCIAL FORECAST

AND

SUMMARY OF SIGNIFICANT FORECAST ASSUMPTIONS

OCTOBER 2017 UPDATE

NOTE 1 NATURE AND PURPOSE OF PRESENTATION

This financial projection presents, in accordance with mandates of Ohio Law, the expected revenues, expenditures, and fund balance of the General Fund of the Strongsville City School District (the "District") for each of the fiscal years ending June 30, 2018 through June 30, 2022, with historical data presented for the fiscal years ended June 30, 2015, 2016, and 2017.

This forecast includes the impact on the State bi-annual budget for that was approved for fiscal years 2018 and 2019.

The assumptions disclosed herein are those that the District believes are significant to the projection. However, because circumstances and conditions assumed in projections frequently do not occur as expected, and are based on information existing at the time projections are prepared, there will usually be differences between projected and actual results.

A Basis of Accounting

This financial projection has been prepared on the cash receipts and disbursements basis, which is the required basis of accounting used for budgetary purposes. Under this system, revenues are recognized when received rather than when earned, and expenditures are recognized when paid rather than when the obligation is incurred. Under Ohio Law, the District is also required to encumber legally binding expenditure commitments and to make appropriations for the expenditure and commitment of funds.

B Fund Accounting

The District maintains its accounts in accordance with the principals of "fund accounting". Fund accounting is used by governmental entities, such as school districts, to report financial position and the results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain district functions and activities. The transactions of each fund are reflected in a self-balancing group of accounts, which presents an accounting entity that stands separate from the activities reported in other funds.

The forecast includes revenue and expenditure estimates for the general operating fund of the District (Fund 001).

NOTE 2 REVENUE ASSUMPTIONS

The District's primary sources of revenue are from the levying of property taxes on real property located within the District boundaries and the State of Ohio through the State Foundation program. The following provides information with respect to the revenue categories.

A PROPERTY TAXES LINE 1.010, 1.020 AND 1.050

Property taxes, which are levied and assessed on a calendar year basis, include amounts levied against all real and public utility property in the school district.

The real property tax base is the taxable (assessed) value of land and buildings. The taxable value is 35% of true (market) value. Under state law, real property is reappraised every six years and property values are updated in the third year following each sexennial reappraisal.

In 1976, the Ohio General Assembly passed HB 920. This law provides real property owners tax credits equal to any increase caused by an increase in value of all real property as a result of reappraisal. This does not apply to inside non-voted millage. In effect, HB 920 removes inflationary revenue growth from the applicable real property by requiring an adjustment to the voted millage rate, thereby resulting in a lower effective millage rate.

HB 66 made provision to replace revenue lost due to the phase out of the Tangible Personal Property Tax. In FY 15, the District received \$3.6 million in Tangible Personal Property Tax hold harmless. In the most recent bi-annual budget, the Tangible Personal Property Tax will be phased out by \$1.4 million in FY 16, and additional phase out of \$1.4 million in FY 17 for a combine loss through FY 17 of \$2.8 million. In FY 18 the remaining \$800k will be phased out for a total reduction of funding of \$3.6 million each year in the years FY 18-20. The District will be held harmless for the FY 16 \$1.4 million reduction through a supplement through the State Foundation. During FY 17, the District was held harmless for \$2.2 million of the \$2.8 million reduction through a supplement through the State Foundation. The net FY 17 reduction in Tangible Personal Property tax is \$600k, while the remaining \$3.0 million will be completely reduce in FY 18-22.

Property taxes are currently estimated by the Cuyahoga County Auditor's Office based on a current collection rate of 97.50%. A 1% change in collection rate represents \$575k.

The property Tax Allocation includes the following components: Property Tax Rollbacks and the tangible personal property tax hold harmless funds from the State of Ohio.

The Ohio Revised Code and Ohio Administrative Code mandate Cuyahoga County to conduct a re-appraisal every six years, an update every three years and annual valuation of improvements based upon building permits received from each city annually. The last reappraisal was in 2012 and the triennial update was completed in 2015. All property values were updated for the 2017 collection year, which resulted in a 1.4% increase in values. The forecast assumes a property valuation of \$1.46 billion in 2018 – 2022.

State law grants tax relief to property owners (property tax rollbacks) in the form of a 10% reduction in real property tax bills. In addition, a 2.5% rollback is granted for owner occupied homesteads (total of 12.5%). The State reimburses school districts for the loss of real property taxes as a result of the rollback provision.

The prior budget bill (HB 119) included a significant property tax reduction for senior citizens. This Homestead Exemption will allow senior citizen homeowners and permanently/totally disabled homeowners, regardless of income, to withhold \$25,000 of market value of their owner occupied home from property taxes.

The District does have one operating renewal levy within the School District's levies issued. The renewal levy is a 5 year 6.0 mill levy that is currently set to expire at the end of tax year 2017. The Board of Education authorized the School District to place the renewal levy on

the November 8, 2016 ballot for renewal considerations, which is the earliest time the School District can be on the ballot. The renewal passed by 61.3% of the votes for the renewal levy.

B UNRESTRICTED/RESTRICTED STATE GRANTS-IN AID LINE 1.035, 1.040

This component of the financial forecast includes the State Foundation Program.

HB 59 has replaced the prior funding formulas, the bridge formula and the Ohio Evidence Based Funding Model. Under the current version of HB 59, calculations include funding for both the District and Charter School students. HB 59 mandates that all school districts pay tuition for all students who reside in the District and attend a charter school. The District's charter school tuition payment is reflected in line 3.030 (Purchased Services) of the forecast.

In the spring of 2015, the State of Ohio approved their 2016-2017 biennial budget which became law on July 1, 2015. Under the new biennial budget, the State reimbursement for Tangible Personnel Property Tax (TPP) which is included in the property tax allocations will be phased out beginning in fiscal year 2017. The District will experience a decrease in TPP funding of \$548,025 in fiscal year 2017, and a decrease of \$3,111,418 in fiscal year 2018 and beyond, for a total annual loss of TPP funding in the amount \$3,659,443.

In the spring of 2017, the State of Ohio approved their 2018-2019 biennial budget which became law on July 1, 2017. Under the new biennial budget, the State elimination of TPP reimbursement was upheld, although a strong push was made through advocacy. Included in the biennial budget that impacted the District was the phase out of the "guarantee" within the State Foundation Funding Formula. District's can be on the funding formula in three different scenarios:

- Formula district a district would receive the amount generated by the formula
- **Capped district** amount generated by the formula, less a certain percentage of growth from the previous year.
- **Guarantee district** amount generated by the formula, plus an amount to at least receive the same level of funding from the previous biennial budget.

Strongsville is a guarantee district. The approved budget the will reduce the guarantee amount based on ADM decline between school years 2014 through 2016. The guarantee percentage would drop (on a sliding scale) by 1% for each percent above 5% of enrollment, but the guarantee would be no less than 95% than the 2017 amount. Strongsville's ADM declined between 2014-2016 is 6.2%, meaning the guarantee amount will be reduced by 1.2%. The financial impact of this phase out to the District is \$112,411. Due to the unknown predictability of future state budgets, the forecast assumes a 5% reduction in the guarantee amount for fiscal years FY 2020 and FY 2021 compared to FY 2019, and another 5% reduction in the grantee amount for FY 2022 compared to FY 2021.

During FY 16, the District was held harmless for the \$1.4 million tangible personal property tax phase out which will be a supplement through the State Foundation Program.

During FY 17, the District was held harmless for the \$2.2 million tangible personal property tax phase out which will be a supplement through the State Foundation Program. 80% of this amount was paid during FY 17 and the remaining 20% will be paid during FY 18.

The following are the estimated unrestricted/restricted state grants-in aid assumed in this five year forecast.
